SUMMARY

Gegas Bangun Cita Lesmana, you can call me Gegas. I was born in Pacitan on November 7th, 2004, and I am currently 20 years old. I am the first child in my family. I graduated from SMKN 1 Cikarang Selatan in 2022, majoring in Computer Network Engineering. I am currently a student at President University, majoring in Information Systems, class of 2022. I have completed my final thesis defense and am expected to graduate in 2025.

WORK EXPERIENCE

Operator Production, PT Sanoh Indonesia Manufacturing March 2023 - Sep 2024

- Operated in the QCN ASSY process for automotive tubing components such as brake tubes, vacuum tubes, cluster tubes, and plastic fuel tubes used in two-wheeled and four-wheeled vehicles.
- Responsible for component installation to ensure part integrity and prevent leakage.
- Maintained quality standards and followed safety procedures in high-volume production environments.

ERP System Implementation (Epicor), Information Systems Project – President University Jul 2024 - Aug 2024

- Participated in the implementation of Epicor ERP in a simulated manufacturing environment.
- Involved in modules such as Inventory, Production Management, and Sales Order.
- Conducted system configuration, data migration, and user training simulation.
- Gained practical experience in business process mapping and ERP lifecycle.

Internship – Computer and Network Engineering Instructor, SMKS Taruna Bhakti, Bekasi Feb 2025 - Jul 2025

- Delivered lessons on basic networking concepts and guided students through hands-on lab practices.
- Assisted students in configuring routers, switches, and building LAN networks using Cisco Packet Tracer.
- Supported lead teacher in assessments and technical evaluations.

EDUCATION

Bachelor of Information System Sep 2022 - Dec 2025 President University

- Major in Information System.
- Thesis on "Dashboard Monitoring System at Colla Project Management".

SMK Negeri 1 Cikarang Selatan Aug 2019 - Aug 2022

Computer and Network Engineering

- Certified of Competence LSP BNSP.
